- (6) TSI proposes to acquire the licenses and intellectual property assets of LGEI by virtue of the Trustee's Bill of Sale and the Order Approving Sale of Licenses and Intellectual Property Free and Clear of the United States Bankruptcy Court. By virtue of this order, TSI proposes to acquire the licenses and/or certificates of authority and, if any, customer accounts and related telecommunications assets of LGEI and to begin to provide telecommunications service to the customers of LGEI. After the transaction, TSI will continue to operate, in all material respects, as LGEI currently operates. - (9) The parties have filed an application to transfer LGEI's 214 International authorization to TSI.
- (10) The applicants request special consideration because approval of this transaction is pursuant to an order by the United States Bankruptcy Court.
- (11) Not applicable.
- (12) The transfer of control of LGEI to TSI will serve the public interest by promoting competition and permitting implementation of the order of the Bankruptcy Court. TSI's operations will more readily increase in size and profitability. As a result, TSI will be able to offer better service to its customers at competitive rates. Given the Commission's desire to foster competition in the resale market, approval of the proposed transaction is in the public interest.

## **V. SUMMARY AND CONCLUSION**

In summary, consent to the proposed transaction will allow TSI to continue providing service as LGEI has provided and will increase competition.

No new construction is involved, and grant of the instant application would not constitute a "major" environmental action pursuant to Section 1.1305 of the Commission's Rules.

In view of the foregoing, LGEI and TSI jointly request that the Commission grant the instant application for consent to the transfer of control of LGEI, an entity which has Domestic Interstate Section 214 Service Authorization to TSI.

Respectfully submitted,

By
